- 1 Corinthians 2:1-5
- Galatians 3:28
- 1 Peter 3:15

synopsis:

The Apostle Paul challenged Christians to relate to all people for the sake of spreading the gospel. The heart of Paul's message was that Christians learn to understand each individual so that we might share our faith with them effectively.

Often, we over complicate our faith or fail to express the relevance of the gospel. Other times, we only try to be understood instead of also trying to understand. Although this video takes a humorous look at when we fail to share our faith effectively, let it serve as a reminder for Christians to strive to share their faith in both a relevant and understandable manner.
